

The Canine Freestyle Federation 2010 Retreat: The Creative Journey

The Creative Journey

Join fellow freestylers for a celebration of dog work. Find the magic in freestyle as you experience the joy and delight of moving together as a team, creating a unique image of one. Share and learn with others to focus on and enhance your dog's movement technically and artistically, to create a presentation with music maximizing the dog's strengths and minimizing his weaknesses and to communicate to spectators the wonder of your relationship as a team. A retreat is an in-depth training experience. Join CFF and this exceptionally talented team of instructors for a unique journey filled with fun and camaraderie. Remember, it's all about the dog.
